

TPO Society Auction Winter 2023/4

Auction closes on the 14th January 2024

Another Christmas selection of auction items for your perusal but this time with many more Paquebot items from a large consignment just in. My thanks to Mike Dovey for identifying the marks for me – a job which has saved me hours and hours of work wading through the book. Every mark has an M&D number rather than a Hosking one so if unsure please request a scan. There are some interesting items in the lot and I have tried to vary them as much as I can where space allows. In the meantime, have a lovely Christmas and a prosperous and fulfilling New Year (full of cracking new items from the auction list.)
