

TPO Society Auction Summer 2026

Auction closes on the 15th July 2026

Well at least the weather has improved recently which hopefully will gladden your heart to examine yet another interesting list of items for you to peruse at leisure. Just a reminder that earlier bids take preference if equal bids are received so don't leave it too late. Please request scans early enough for me to produce them and get them off to you. My post is very irregular as are some of those of the members so again leave enough time for the post to make it for the deadline day. I hope you find something of interest and good luck with your bids.

RAILWAY See also lots 210 and 211
