

TPO Magazine — the DVD

(Journal of the TPO & Seapost Society)

Volume 1 to 60

(1947 to 2006)

with a comprehensive

Index from Volume 1 to 63

(1947 to 2009)

This is your opportunity to own a full set of the Society Magazines at minimal cost allowing you to have unrivalled access to sixty years of research and recording on every aspect of the railway and ship mail

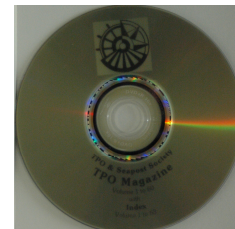

This DVD is the result of much work of members of the Society who have spent many hours scanning and indexing the volumes of TPO Journals which have been built up over the last 60 years.

On this DVD you will find each volume in its own Adobe Acrobat Reader file which can be read using Adobe Acrobat Reader which comes with most computers and is free to download using instruction included on the DVD

We have included a full index file with over 14000 entries and as many Journals (starting with Volume 1, 1947) as we can fit on to one DVD.

In the future we will be making available more CDs / DVDs containing further volumes.
